SOUTHERN HEMISPHERE'S RICHEST 3YO RACE
"THE NZB KIWI" SET TO JUMP IN MARCH 2025

ABOUT THE KIWI

New Zealand has a long and storied history in Thoroughbred breeding and racing and has a track record of producing champion gallopers such as Rough Habit, Sunline and So You Think, as well as many industry-shaping figures that have left a lasting impression on racing globally.

This strong heritage, coupled with a platform for change has seen New Zealand Thoroughbred Racing join forces with TAB NZ and Entain to create a new icon in the New Zealand Thoroughbred racing landscape - The Kiwi.

As part of a revamped Summer Carnival, the opportunity is right to introduce an aspirational slot race into the summer feature period, beginning season 2024/2025 - a race that will become the Southern Hemisphere's richest 3YO race.

Open to three-year-olds and run over 1500m, The Kiwi - sponsored by New Zealand Bloodstock, will be held at New Zealand's racing headquarters, Ellerslie Racecourse in Auckland, in March each year.

We believe The NZB Kiwi will result in an immediate and significant uplift in the promotion and engagement of racing over an extended period. The NZB Kiwi will bring a new reason to talk racing with all New Zealanders.

Promotion of the race will be driven by the ongoing appeal of the slot race concept and the intrigue around which runners will be selected by Slot Holders - keeping New Zealand racing in the conversation in the weeks and months leading up to the race as runners compete for their shot at the \$4.5m potential winner's purse in March 2025.

Adding a new layer of fascination to The NZB Kiwi will be the unique process of allocating the Slot Holders. Interested parties will have the opportunity to acquire a slot in the race, with a number of slots expected to be auctioned off with a minimum reserve price of \$450,000 - covering the slot entry fees for the first three years of the race.

ELIGIBILITY

The NZB Kiwi will celebrate the best of New Zealand's world class breeding industry and showcase the premier three-year-olds in the land.

To qualify for The NZB Kiwi and for a Slot Holder to be able to nominate a contender, the horse must have been bred in New Zealand, as determined by NZTR in accordance with the New Zealand Stud Book and Register of Non Stud Book Mares Regulations (as published from time to time by NZTR), or purchased at an NZB official Sale.

Eligible NZB Sales are the National Yearling Sales Series (January), the National Weanling Sale (May) and the Ready to Run Sale of Two-Year-Olds (November).

Within these criteria, it is then entirely up to the Slot Holder on which horse they select for their slot. Horses can be trained in any location (including internationally) and it will be the responsibility of the Slot Holder / connections of the horse to arrange transportation for the race.

The auction will be held live, however online bidding facilities will also be made available. Further auction information will be supplied at the time of registration.

ELLERSLIE TRACK OVERVIEW

Ellerslie Racecourse is one of two racetracks governed by Auckland Thoroughbred Racing (ATR) and is the premier racetrack in New Zealand. Ellerslie was closed for the 2022/23 season and the early part of the 2023/24 season due to a track reconstruction which saw a StrathAyr surface installed. Ellerslie successfully returned to racing in early 2024 and will quickly again become again the showpiece of the New Zealand racing industry.

With an incomparable mix of entertainment, hospitality, food, fashion and the thrill of thoroughbred horse racing, Ellerslie plays host to a number of the industry's most iconic racedays including the Boxing Day Races, the TAB Karaka Millions, Trackside Derby Day and will now become the home of New Zealand's richest race, The NZB Kiwi.
