

NZTR Digital Licence ID

NZTR Digital Licence ID – Mobile Phone

Starting from February 2024, the implementation of new digital licenses will commence. While the majority of the rollout will coincide with license renewals for the upcoming season, we will also be issuing these digital licenses to new license holders in the interim. It's important to note that the newly introduced digital versions, accessible through Apple and Android wallets on all phones, will serve as valid NZTR passes for access to restricted areas.
