

NZTR Acknowledged Retainer- Incoming Horse Information

All horses **MUST** be presented to the retrainer in a condition that enables it to enter the retraining programme straight away. The cost of transport to the retrainer is to be covered by the Accountable Person. The following information is to ensure that the retrainer is fully apprised of the horse's history and suitability to enter the programme. The retrainer has the right of refusal for any horse that is not able to enter a retraining program immediately. For further clarity please speak to the retrainer or NZTR Welfare Coordinator.

Name	
Stable Name	
Gender	
LS Brand	
RS Brand	
Time since last in work – If the horse is currently in work, state 'currently in work'.	
Date when last shod	
Date of last dental treatment	
Date of last worming	
Reason for Retirement	
Name of Trainer/ Accountable Person	

Please ensure the SR24 Retirement form has been completed by the Accountable person to ensure the horse is retired from being an active participant in the Stud Book.

Ridden Behaviour Comments:

Please provide an accurate description of temperament when ridden and any notable behaviours to assist in suitably placing this horse in a new home.

General Ground Manners Comments:

Please provide an accurate description of temperament when being handled and any notable behaviours to assist in suitably placing this horse in a new home – any stereotypical behaviours (such as windsucking/ weaving) **MUST** be disclosed and will not prevent the horse from entering the retraining programme.

General Health/ Prior Injury Comments:

You **MUST** disclose any previous injuries, medical treatment, lameness investigation (historic or ongoing), or respiratory issues when consigning a horse to an NZTR Acknowledged Retrainer. Doing so ensures the horse can be suitably assessed and any physical limitations can be considered when assessing the horse's suitability for any given second career.

--

Declaration

The above information is true and complete to the best of my knowledge. I understand that the Retrainer has the right of refusal if the horse is not able to enter the retraining program immediately unless prior discussion is had and an understanding is reached.
