# Traceability

Completing an SR24 is a requirement to ensure NZTR can complete and assist with traceability when horses exit the thoroughbred industry.

Each Horse's accountable person must submit an 'SR24 Notification of Death or Retirement of a Thoroughbred' to ensure we can maintain our record keeping and assist with traceability in their second careers.

## POINTS SYSTEM FOR MAIDEN RACES

The following is an explanation of the points system used for field selection for maiden races:

Raceday 2nd add 2 points – minimum 7 points, maximum 9 points

Raceday 3rd add 1 point – minimum 6 points, maximum 9 points

Raceday 4th minimum 5 points – if presently higher stays as is

Raceday 5th minimum 2 points – if presently higher stays as is

Raceday 6th in one of a horse's first 3 starts will accrue 1 point. This is not accumulative.

- 1 point to be deleted for every unplaced run (6th or worse), after 3 unplaced runs points revert to zero.
- Any Maiden horses rated 45 that win a trial receive 2 points. Points are not cumulative.
- Fell, brought down, pulled up, ran off, disqualified and lost rider are ignored.
- An unplaced run in a Group or Listed race is ignored.

Examples:

0287 .....5 points      766 .....1 point      4565 .....4 points

8202 .....8 points      3908 .....0 points      006 .....1 point

4522 .....9 points      0499 .....3 points      2005 .....5 points

9984 .....5 points      4564 .....5 points      2434 .....8 points

## TRIALS BALLOTING CONDITIONS

In the event that the number of entries for a trial meeting means that the number of heats exceed 30, then the following elimination conditions will apply:

1. When programming trials, preference will be given to those events that were eliminated at the previous trials meeting in the Northern Region.
2. In August, September & October, Maiden four year olds and upwards will be eliminated first starting with the longest distance. If further eliminations are required the next horses to be eliminated will be Maiden three year olds starting with the longest distance. In the months of November through July (inclusive) Maidens will be eliminated first starting with the longest distance.
3. Exemptions regarding longer distance heats will be considered if there is a need to accommodate horses preparing for jumping races.
4. When trial fields are compiled in the months of November through July (inclusive) three & four year old+ Maiden heats will be combined. In August, September & October, three & four year old+ Maiden heats will be programmed separately.
5. Once the fields have closed, no further entries will be received or horses swapped except in extreme circumstances, such as a horse being placed in an incorrect heat by the NRB.

## SCRATCHING FEE

A scratching fee will apply to any horse that is scratched from a trial meeting after the nomination deadline has passed.

The scratching fee will be the applicable starters fee.

The scratching fee will be waived in the following circumstances:

- A veterinary certificate is received by NZTR by 12 noon on the first business day after the trial meeting.
- A horse starts at a race meeting within 5 days of the scheduled trial meeting.
- The track conditions move two bands in either direction after the nominations have closed. E.g. Good - Slow, Dead - Heavy and vice versa.
- A horse is late scratched at the barrier on veterinary advice.
- The Club requests that NZTR remove the fees from any horse.

 ACKNOWLEDGED RETRAINER

## Acknowledged Retainers

The NZTR Acknowledged Retainer network helps thoroughbreds make a successful transition from racing into the sport horse industry. During their education, horses are tested in a variety of situations, then matched with the most appropriate home. There are a range of success stories, from high performing eventers to happy hackers adventuring around the country.

Set your thoroughbred up for success by ensuring they arrive at the retainers sound, newly shod, up to date with dental treatments and are in a working condition, ready to start their education.
