While NZTR's share of this funding remains subject to the Code Funding Agreement and other NZTR domestic and overseas wagering performance, stake levels should remain stable this season and beyond. Adjustments to stakes would only be made during the season in the event of a notable change in performance.

### Stakes Funding

- a) NZTR will directly pay all **Minimum stake** levels for each race and meeting class in the tables below in Section 1, provided all of this funding is paid to participants as stake money. The following minimum stakes for non-Group and Listed races will apply for the full 2024/2025 Season.

- A full list of meetings and categories is attached as Appendix Seven.
- b) **Group and Listed** races will be funded to the minimum levels outlined in Section 2. The following minimums will apply for the full 2024/2025 Season:
- Group 1 race minimums at all meetings will be run for a minimum of \$400,000.

These Group and Listed minimum stakes will apply for the full 2024/2025 season. All races are subject to confirmation from the Pattern Review Committee. For the new NZ Thoroughbred Summer of Racing period, several Group and Listed races have had their stake levels increased above these minimums. These stake increases are detailed in the tables in the Iconic, Heritage or Innovation sections as appropriate.

NZTR's payment of minimum stakes will directly match the minimum stake paid to participants for each race. Should not all the minimum funding amount (including minimum stakes, Group and Listed, Iconic race, Country Cup, Heritage, Special Interest, Other race and Innovation funding) be paid to participants as stake money, then NZTR will only fund clubs up to the level of the actual funding amount paid out. This may occur in instances where the field size ends up lower than the number of place getters intended to receive stake money.

## 3.0 FUNDING POLICY DETAILS FOR THE 2024/2025 SEASON

The elements from the NZ Thoroughbred Funding Policy that apply to the 2024/2025 season are detailed below, separated into three sections:

- 3.1 Stakes Funding,
- 3.2 Club and Meeting Funding, and
- 3.3 Other.

**Entain/TAB NZ have provided a guaranteed funding amount to Racing NZ until the 2027/2028 Season. While NZTR's share of this funding remains subject to the Code Funding Agreement and other NZTR domestic and overseas wagering performance, stake levels should remain stable this season and beyond. Adjustments to stakes would only be made during the season in the event of a notable change in performance.**

### 3.1 STAKES FUNDING

#### 1. Stake minimums per meeting and race class (non-Group and Listed):

NZTR will directly pay the minimum stakes levels for each race and meeting class in the below tables, provided all of this funding is paid to participants as stake money.

The following minimum stakes for all races (excluding Group and Listed races) will apply for the 2024/2025 season:

#### Peak season – 24 August to 5 April

Industry	22,000	17,000	17,000	17,000	17,000	17,000

A full list of meetings and categories is attached as Appendix Seven.

### 1.1 Prizemoney allocation to placegetters

Prizemoney will be paid back to 10th place for all races except those specifically approved by NZTR and detailed in the Racing Programme Booklet. For races with fewer than 10 starters, prizemoney will not be paid to unfilled placings.

Races worth less than \$20,000 will have a different allocation of percentages paid to place getters than races worth more \$20,000 or more, so that the remaining share of stakes for owners of horses finishing 10th or better will cover the riders fee, including GST. The breakdown of stakes allocation is detailed below:

Less than \$20,000		\$20,000 or more	
Placing	% split	Placing	% split
1st	56.0%	1st	57.5%
2nd	18.0%	2nd	18.5%
3rd	9.0%	3rd	9.0%
4th	5.0%	4th	5.0%
5th	2.0%	5th	2.5%
6th	2.0%	6th	1.5%
7th	2.0%	7th	1.5%
8th	2.0%	8th	1.5%
9th	2.0%	9th	1.5%
10th	2.0%	10th	1.5%
	<b>100.0%</b>		<b>100.0%</b>

An allocation of 1% of total prizemoney to a Horse Welfare fund will continue using the current mechanism, with 1% removed from each share to be paid to owners, trainers and riders and not from the topline prizemoney amount.

## 2. Group and Listed minimums (all meeting types):

Clubs conducting Group and Listed races are to be funded to the minimum of the relevant Group and Listed race level below, provided the full amount of this funding is paid to participants as stake money. The following Group and Listed Race minimums will apply for the entire 2024/2025 Season:

Meeting Category	Group 1	Group 2	Group 3	Listed
Iconic	400,000	175,000	120,000	90,000
Premier	400,000	175,000	120,000	90,000
Feature	400,000	150,000	100,000	80,000
Industry	400,000	150,000	100,000	80,000

For the new NZ Thoroughbred Summer of Racing period, several Group and Listed races have had their stake levels increased above these minimums. These stake increases are detailed in the tables in the Iconic, Heritage or Innovation Funding sections as relevant.

All Group and Listed races are subject to confirmation by the Pattern Review Committee. Where time permits, upgraded **and** downgraded races will receive their new Group and Listed race minimum funding. NZTR will, however, consider any Pattern Review Committee recommendations around the stake of Group and Listed before making any adjustments to stakes.

### 3. Iconic Race funding

Iconic Races will be funded as identified in the below table. Total Group race and Iconic stakes funding must be paid to participants for the full Iconic stake funding to apply.

Funding for some of the races in this category have been increased further as a result of the introduction of the NZTR Summer of Racing initiative. Club contributions may also have been adjusted taking into account an expected increase in nomination and acceptance income received by the clubs as a result of the stake increases for these races.

#### 4. Heritage Racing Funding

The Heritage Race Funding stream applies to races that have some traditional importance in the New Zealand Racing Calendar and that NZTR believe deserve to be run for more than their existing minimum stake. In some cases, these races may have had their Group and Listed status downgraded by the Pattern Committee, but their stake maintained at the minimum of the previous stake. Funding for some of the races in this category have been increased further as a result of the introduction of the Summer of Racing initiative. Club contributions may also have been adjusted taking into account an expected increase in nomination and acceptance income received by the clubs as a result of the stake increases for these races.

## 5. Country Cup Funding

Additional funding is allocated to enable every club in the country to run at least one race worth \$25,000, or \$35,000 if their Cup race (or other peak race) is an Open Handicap. The below table summarises all clubs and races that will qualify for this funding, which does not require a contribution from the club. The five races run for more than the Country Cup minimums receive additional club contribution.

NZTR's contribution and the overall minimum stake for each race is subject to change and will also depend on the final class of the race programmed and run. The list of races below represents the budget at the start of the season. Additional races may be added if clubs currently without licences are allocated race meetings. Clubs that ordinarily would have a race funded at a minimum of \$25,000 do not receive funding under this category.

## 6. Other Race Funding

The Other Race Funding category picks up a range of arrangements made with clubs, including support for racing at our provincial and regional race meetings, the Dunstan Stayers series, the Southern Mile series and final, Synthetic Track and Winter Finals and other successful initiatives. Further adjustments are possible as the timing of races is confirmed with clubs and taking into account the change in minimum stake for each of these races.

Jumping race stakes will be paid as per the table in Appendix Three based on meeting category, race class and the overall jumping programme. Races scheduled and prizemoney remain subject to change.

## 9. Innovation Funding

In addition to the five new Innovation Races first run in the 2023/2024 Season, a number of new races have been added to this funding stream as part of the NZ Thoroughbred Summer of Racing initiative. Races funded during this period that do not receive Iconic or Heritage funding are included in this table. Club contributions may also have been adjusted taking into account an expected increase in nomination and acceptance income received by the clubs as a result of the stake increases for these races.

### 3.2 CLUB AND MEETING FUNDING

The core structure of club and meeting funding structure has been maintained for the 2024/2025 Season, with the new funding amounts summarised below. NZTR continues to recognise that clubs face ongoing and increasing costs and the funding amounts noted are designed to assist with these. In addition, NZTR will seek improved compliance from clubs for key measures noted.

**In the event of a fully or partially abandoned race meeting, NZTR will review the circumstances that led up to the abandonment in consultation with the RIB, Regional Track Advisors, and other experts. NZTR may elect to withhold some club and meeting funding depending on the outcome of this review. Further information on NZTR's funding for abandoned meetings is included in Appendix Four: Policy for Funding Abandoned Meetings**

#### 10. Meeting Type

Meeting type	Iconic	Premier	Feature	Industry
Funding per meeting	27,500	27,500	10,500	7,500

Clubs will receive Meeting Type payments as set out in the above table for each category of meeting they hold.

A full list of meeting categories by date and by region and club is attached as Appendix Seven. Please note that these meeting categories are draft and remain subject to change from feedback received, and to changes in licences and venues that may occur. The race dates are based on the Final Calendar 2024/2025.

**Clubs will also be required to meet the new Minimum Standards by Meeting Type, outlined in Appendix Five. If NZTR becomes aware that standards are not being met by clubs, future Meeting Type funding may be withheld.**

**All Iconic and Premier Meetings are required to submit an Event Plan to [funding@nztr.co.nz](mailto:funding@nztr.co.nz) 10 weeks prior to the running of the meeting to qualify for their Meeting Type Funding.**

## 11. Venue Category

Venue category	International	Strategic	Significant	Supporting	Community
Funding per meeting	21,000	21,000	18,500	14,250	11,250

Venue category funding will be paid per meeting based on the category of the venue the meeting has been held at.

The Venue Category funding is to be paid directly to club hosting the race meeting. Alternative arrangements can be made with NZTR for the redirection of this funding if agreed to by both the tenant and host club.

The funding is targeted to assist venues meeting the minimum standards expected for each venue category as well as to assist all venues to conduct race meetings. A full list of all NZ thoroughbred venues and their categorisation under NZTR's Infrastructure Policy is attached as Appendix One.

## 12. Race Meeting Compliance

Race meeting compliance	International	Strategic	Significant	Supporting	Community
Funding per meeting	8,000	8,000	8,000	8,000	8,000

The Race Meeting Compliance funding has been maintained as a key element of club funding. This funding will be dependent on clubs fulfilling information requirements in the lead-up to each race meeting.

**\$2,000 of the Race Meeting Compliance funding payment is dependent on each club adhering to the Minimum Venue Guideline Standards for each race meeting.**

This includes complying with direct advance instruction to remedy a Minimum Venue Guideline Standard identified at a prior race meeting.

**\$6,000 of the Race Meeting Compliance funding is dependent on clubs completing every element of the below:**

- a) Filling out a Race Meeting Club Checklist for the National Racing Bureau (NRB) for each race meeting.
- b) For turf meetings, providing weather, track, rail position & penetrometer updates for each race meeting to the NRB on the following days and times:
  1. Nomination Day - before 9.00am
  2. Withdrawal Day - before 8.30am
  3. Two Days Prior to Meeting – 4.00pm – not required for Thursday & Friday meetings
  4. Day Prior to Meeting – before 9.00am & update before 5.00pm
  5. Race-morning - before 7.00amFor synthetic meetings, regular weather updates are still required, especially where the weather is changeable.
- c) For turf meetings, submitting a short video to [trackpreviews@entaingroup.co.nz](mailto:trackpreviews@entaingroup.co.nz) providing further detail of track preparation and other relevant information, 1-2 days prior to raceday. This is a collective e-mail for the content team and will ensure that the preview is received by the full team and uploaded in a timely manner.

Clubs will be required to use all resources at their disposal to ensure the accuracy of this information. Clubs are to liaise directly with the NRB if extenuating circumstances mean that any of the above steps are unable to be completed.

It is important that club staff who will be directly responsible for completing the above tasks are made aware of this funding category and the effect on club funding if not carried out. NZTR intends to fully enforce these aspects in the 2024/2025 season.

Race meeting compliance funding to be paid directly to the club hosting the race meeting, again unless otherwise arranged with both clubs and NZTR.

### 13. Club Compliance

Club compliance & venue categories	International	Strategic	Significant	Supporting	Community	Training	Tenant
Financial Reporting	5,250	5,250	5,250	5,250	5,250	5,250	5,250
Club & Venue Business Plan	12,500	10,500	9,500	8,500	6,750	5,250	5,250
Health & Safety Model	6,250	5,750	5,250	4,250	3,750	3,250	-
Track Renovation Period	9,500	6,750	5,250	4,250	3,750	3,250	-
<b>Club compliance funding</b>	<b>33,500</b>	<b>28,250</b>	<b>25,250</b>	<b>22,250</b>	<b>19,500</b>	<b>17,000</b>	<b>10,500</b>

The Club Compliance funding stream is an annual payment made to each club with a minimum of one licence scheduled in the 2024/2025 Calendar, or that holds a race meeting with the support of another club, or that operates a training and/or trials venue.

**\$5,250 of the club compliance funding payment is dependent on each club meeting the following conditions around their Financial Annual Reporting:**

- Clubs must hold an AGM and submit a copy of the club's audited set of **financial statements** in accordance with Generally Accepted Accounting Principles (GAAP) in New Zealand, **annual report, approved minutes of their previous AGM and draft minutes of the most recent AGM to NZTR** ([funding@nztr.co.nz](mailto:funding@nztr.co.nz)) by **31 December** following the end of the club's financial year.
- The financial statements must be in the form and using the appropriate Public Benefit Entity Accounting Standards (PBE Standards) applicable for not-for-profit entities.
- **NZTR will be circulating a standardised reporting template at the start of 2024/2025. Clubs will be asked to use this standardised reporting template as the basis for preparing their financial statements from 2024/2025 onwards, in order to meet reporting compliance funding requirements. As signalled in the Club Development Day State of the Industry presentation (SOTI), the standardisation of financial reporting will benefit the industry and become a valuable tool for comparisons between clubs and trends analysis.**
- Clubs should file their financial statements with the Incorporated Societies Registrar after they have been submitted to and approved by the members of the committee at the AGM. The deadline for filing is the end of the month after the AGM.
- Clubs that do not have a 31 July financial year reporting date are asked to amend their reporting to align with this date by the 2024/2025 season. This will mean that for affected clubs the 2024/2025 season Annual Report will by necessity have to be for an adjusted period.
- It is no longer a requirement for a separate class 4 gaming audit to take place or for the gaming grant receipts template to be filled out. No costs for a gaming grant audit will be paid by TAB NZ or NZTR.
- A currently registered, independent and fully qualified auditor must be used to undertake the club's financial audit.
- The auditor of the financial statements must be a qualified auditor under the meaning of the Financial Reporting Act 2013.
- The audit must be completed in accordance with the New Zealand Auditing Standards.
- **NZTR is encouraging the use of a single industry-wide auditor of Club financial statements and may provide targeted funding to encourage Clubs to move to this auditor. Clubs can contact the NZTR Head of Finance via [funding@nztr.co.nz](mailto:funding@nztr.co.nz) to further discuss changing to this auditor.**
- A completed liability insurance declaration and club earthquake assessment status report document sent to clubs by NZTR on a six-monthly basis should be completed and submitted by the stipulated return date. The club must confirm to NZTR if they know of or are aware of any notifiable events that may trigger a claim against the various racing club group liability policies

held by NZTR, including updates on previously advised notifiable events and advise NZTR of any change in status of the Local Council/Regional Council requirements around earthquake prone building assessment.

- Clubs Digital Network. For those Clubs who are live on the network it is a requirement that
  - a) the Terms of Use for the network are accepted, and
  - b) best efforts are made to comply with minimum standards and guidelines which will be issued by 1 August.
- Additional reporting requirements. During the 2024/2025 season, NZTR will also be requesting additional information from clubs. Provision of any such information will also become a requirement of this Funding Policy and funding will be subject to receipt of this additional information as well.

**Please e-mail all financial annual reporting compliance documentation to [funding@nztr.co.nz](mailto:funding@nztr.co.nz) by 31 December.**

**Late submitted annual and financial reporting will no longer be considered for funding** unless clubs have contacted NZTR prior to the deadline. Clubs will need to have a valid reason why they can't make the deadline and will need to adhere to a revised timeline for submission.

**As a detailed above, an additional Club Compliance funding payment is dependent on each club submitting a Business Plan for their club and venue, where relevant.**

- Tenant clubs will receive \$5,250 for submission of this Business Plan to NZTR. For the purposes of this section, tenant clubs are those clubs that hold a race meeting at another venue or support the holding of a race meeting at another venue.
- Clubs that operate a training and/or trials venue, that are not covered under the Tenant club category will also receive \$5,250 for submission of this Business Plan to NZTR irrespective of whether they hold or support a race meeting.
- Clubs that are the principal club racing at a Community venue will receive \$6,750 for submission of a Business Plan to NZTR.
- Clubs that are the principal club racing at a Supporting venue will receive \$8,500 for submission of a Business Plan to NZTR.
- Clubs that are the principal club racing at a Significant venue will receive \$9,500 for submission of a Business Plan to NZTR.
- Clubs that are the principal club racing at a Strategic venue will receive \$10,500 for submission of a Business Plan to NZTR.
- Clubs that are the principal club racing at an International venue will receive \$12,500 for submission of a Business Plan to NZTR.

NZTR will separately circulate a link to a Business Plan template for all clubs to fill out.

**Business Plans should be submitted to NZTR by 21 October** of the season in which the Business Plan payment is made. Please e-mail these to: [funding@nztr.co.nz](mailto:funding@nztr.co.nz)

**Late submitted Business Plans will no longer be considered for funding**, unless clubs have contacted NZTR prior to the deadline. Clubs will need to have a valid reason why they can't make the deadline and will need to adhere to a revised timeline for submission.

**The Health and Safety portion of the Club Compliance funding payment is dependent on Clubs demonstrating their compliance with the requirements of the Health and Safety at Work Act. Clubs that have their own racing or training venues are required to use the Safety Online Health & Safety System, funded by NZTR on behalf of Clubs.**

The NZTR funded package includes the Annual Licence Fee and quarterly visits or online Meetings. Any additional consultancy is at the Club's cost.

As part of the utilising this package, clubs will have to ensure that:

- The Club has a Health and Safety Plan;
- The Club maintains a risk register and performs regular site checks;
- The Club records all Health and Safety related training of staff;
- The Club records all incidents, accidents and near-misses;
- The Club reports all notifiable incidents to WorkSafe;
- The Club keeps a record of all Health and safety Committee meetings;
- The Club has an Emergency Evacuation Plan;
- All of the club's employees and all contractors who go onto the club's premises will be made aware of the content of the club's Health and Safety Plan and their need to comply with it (as and to the extent applicable).
- The club has appropriate (and compliant) signage at their premises.

Tenant Clubs (those that do not also operate a racing, training and trials venue) do not require the Safety Online System and will not receive any funding under this category.

**The Track Renovation portion of the Club Compliance funding payment is dependent on the following:**

- Agreement with NZTR & Regional Track Advisor (RTA) on an annual track renovation plan and appropriate time frame. This plan must be submitted for review and approval by NZTR Management, and RTA, who will assist with the development and monitor the plan.
- Payment may be withheld by NZTR if determined that the annual track renovation plan was not substantively adhered to, unless NZTR had prior knowledge and agreed to a change in planning, or for reasons beyond the club's control.
- Clubs that are appointing new Track Managers must consult with NZTR Management on the appointment prior to its confirmation.
- Tenant clubs (those that do not also operate a training and trials venue) do not need to submit a track management template and will not receive any funding under this category.

Once confirmation that clubs have followed the correct procedures and all documents have been received, NZTR will arrange for payment of the Club Compliance (or part payments as relevant) to be made. If clubs require any assistance with any of the matters noted above, please e-mail [funding@nztr.co.nz](mailto:funding@nztr.co.nz).

**As noted above, NZTR will withhold funding from clubs if documentation is not received by the required dates.**

## 14. Event Tier

Event tier (refer list of events)	1	2	3	4	5	6
Funding per event	67,500	34,000	17,000	11,500	5,750	-

Identified meetings will receive an additional event tier payment to help support the cost of setting up and hosting events. A list of the race meetings and their proposed event tiers is attached as Appendix Two. Event tier 6 meetings are meetings that are not categorised as events and therefore do not receive any event funding. There are currently 131 race meetings proposed to receive Event Tier funding. Some adjustments have been made to reflect the change in the pattern of major races and meetings over the NZTR Summer of Racing period.

The above table summarises the funding amount for each event tier. The more significant the event and the larger the crowd being hosted on-course, the higher an event will be categorised and the higher the funding amount the club will receive.

**Clubs that hold Iconic, Premier or Event Tier 1 to 3 meetings will be requested to provide an additional set of non-wagering data. The list of data is summarised in Appendix Six: Requested non-wagering metrics.**

**The purpose of this data is to understand performance with a focus on the additional expenditure and returns from the event. This helps to assess aggregated activity and alignment to funding streams within the Club Funding Policy.**

- **This information will be aggregated and only shared with the endorsement of the Clubs involved.**
- **We request this information is provided no later than 30 days after the date of the meeting. A template will be issued to Clubs the week following each event to be populated.**
- **We recognise that a number of these meetings have already taken place and request that information for these meetings is provided by 15 December 2024.**

Please contact [funding@nztr.co.nz](mailto:funding@nztr.co.nz) with any questions.

Clubs will also be required to meet the new Minimum Standards by Meeting Type, outlined in Appendix Five. If NZTR becomes aware that standards are not being met by clubs, future Event Tier funding may be withheld.

All Iconic and Premier Meetings are required to submit an Event Plan to [funding@nztr.co.nz](mailto:funding@nztr.co.nz) 10 weeks prior to the running of the meeting to qualify for their Event Tier Funding.

Some additional aspects to be noted:

1. The ranking of events is based on on-course turnover, on-course attendance and the relative size of the event. There are instances where meetings were ranked based on the overall impact of the Funding Policy on clubs, to ensure as much as possible clubs were not disadvantaged by previous changes to the Funding Policy.
2. Some clubs may have individual arrangements to hold back a portion of Event Tier funding to support event marketing initiatives. These details will be confirmed with Clubs by 1 August.

## 15. Carnival funding

Carnival Funding of \$112,500 will be paid to the following seven race meetings:

FY25 Race Date	Race Club
Sat, 12 Oct 2024	Hawke's Bay RI
Sat, 16 Nov 2024	Canterbury JC
Thu, 26 Dec 2024	Auckland TR
Sat, 18 Jan 2025	Wellington RC
Sat, 25 Jan 2025	Auckland TR
Sat, 8 Mar 2025	Auckland TR
Sat, 29 Mar 2025	Manawatu RC

In addition, further funding has been made available to support other key events for major clubs that do not otherwise receive Carnival Funding:

FY25 Race Date	Race Club	Amount
Sat, 14 Dec 2024	Waikato TR	\$20,000
Sat, 1 Mar 2025	Otago RC	\$35,000

The funding is made available to support additional event management, marketing and promotional costs associated with these meetings and the carnivals run alongside these meetings.

An agreed allocation of Carnival funding will be held back to support the Grand Tour Racing Festival and other activities with these details to be confirmed with Clubs by 1 August.

**All Iconic and Premier Meetings are required to submit an Event Plan to [funding@nztr.co.nz](mailto:funding@nztr.co.nz) 10 weeks prior to the running of the meeting to qualify for their Carnival Funding (where relevant).**

## 16. Jumping support

A \$3,250 per meeting payment will be paid to clubs conducting jumping races to recognise jumping infrastructure and set-up costs. An additional \$2,250 per meeting (total of \$5,500) will be paid to clubs that hold five or more jumps meetings per season.

### 17. On-course commission, including TAB NZ digital turnover and minimums

A commission of **10%** will be paid on total On-course turnover (all totalisator racing and FOB racing turnover) generated through on-course terminals at all meetings.

A commission of **12.5%** will be paid on all racing turnover placed with TAB NZ on digital devices that are located on-course during a raceday.

If the relevant total turnover commission for any meeting equates to less than \$5,000, a minimum payment of \$5,000 will be paid.

On-course commission, including TAB NZ Digital	Iconic	Premier	Feature	Industry
% of on-course terminal turnover funded per meeting	10.00%	10.00%	10.00%	10.00%
% of on-course digital turnover funded per meeting	12.50%	12.50%	12.50%	12.50%

### 18. Public Holiday funding

Public Holiday	Iconic	Premier	Feature	Industry
Funding per meeting for tote staff	33% of the amount paid to tote staff hired for a public holiday up to a max of \$6,000.			
Funding per meeting for raceday officials	3,250	3,250	3,250	3,250

Where a Club races on either a public holiday or observed public holiday NZTR will pay 33% of the gross amount paid to tote staff hired for the day up to a maximum of **\$6,000**. To be eligible for this funding the Club must provide to NZTR the complete payroll documentation confirming payment to tote staff. This must show each staff member's full name and the gross amount of earnings for the public holiday or observed public holiday worked by the staff member and a total of all relevant payments for each raceday.

In addition, a flat funding per public holiday meeting of **\$3,250** will be paid to clubs to assist with their additional costs in employing raceday officials on the day. No documentation is required for this portion of Public Holiday funding.

## 19. Strategic Training Centre subsidies

Training venues receive a subsidy based on the percentage of national starts produced by each venue in the previous season.

This payment recognises the contribution to the industry these venues make through the provision of tracks and facilities for horses in training. The tiers and funding levels for this subsidy are illustrated in the below table:

Venue - % of National Starts Produced	Tier	Subsidy
12%+	1	\$125,000
9%-11.99%	2	\$85,000
6%-8.99%	3	\$62,500
3%-5.99%	4	\$31,500
1.5%-2.99%	5	\$13,125

Payment of the subsidy for the 2024/2025 Season will also be subject to the following requirements:

- The payment of all outstanding debts owed by the club or venue operator as determined by NZTR.
- The willingness of the club or venue operator to engage positively with industry initiatives and requests for co-operation as determined by NZTR.
- Completion of the Club and Venue Business Plan as detailed in the Club Compliance section above.

All eligible venues will receive direct advice of this funding from NZTR at the start of the 2024/2025 season and qualifying venues will receive their funding in two instalments, paid in February and August 2025.

### 3.3 OTHER

#### 22. Nomination, acceptance and scratching fees

Nomination and acceptance fees are not charged for any races below Group and Listed level, with the exception of the five NZTR Innovation races introduced last season. Prestige Jumps races will no longer have nomination and acceptance fees charged. Non-Acceptance and Scratching fees will still be charged for all races.

A nomination fee will not be charged for any non-Group and Listed race run at Maiden through to Open and at age group level. However, a non-acceptance fee of \$50 (plus GST) will be charged to owners of horses that nominate but do not accept for any of these races.

Acceptance fees will not be charged for any non-Group and Listed run at Maiden through to Open and at age group level. However, a scratching fee of 0.75% (plus GST) of the total stake will be charged to owners for any horse that has been scratched from any of these races.

Clubs will continue to set nomination and acceptance fees for all Group and Listed races, based on NZTR guidelines, and will receive the nomination and acceptance income from these fees. NZTR will set and collect the acceptance fees for the five Innovation races, as detailed in this document. For Prestige Jumps races as listed in Appendix Three, NZTR will fund clubs the equivalent nomination and acceptance fees that would have been charged to owners.

#### 23. Policy for funding abandoned meetings and meetings with additional or deleted races

Appendix Four details NZTR policy in the event of an abandonment or part abandonment of a race meeting and the addition or deletion of races, with respect to each of the above funding streams.

**As noted above, NZTR may elect to withhold some club and meeting funding in the event of a fully or partially abandoned race meeting. NZTR will review the circumstances that led up to the abandonment in consultation with the RIB, Regional Track Advisors, and turf experts before determining impact on funding.**

#### 24. Other race day costs

Swabbing vets, swabbing attendants, raceday veterinarians and stenographers are employed and paid for by the RIB. In the event that the RIB assume the responsibility for the employment of other Raceday Officials, club and meeting funding may have to be reviewed.

## **25. Conditions of funding**

The following conditions (further to those noted in other sections above) will apply to clubs in order to qualify for funding under this policy:

- Clubs are required to comply with all conditions of the betting licence/s issued to them by the TAB NZ as part of the Final 2024/2025 Racing Calendar. In relation to Intellectual Property for receiving vision and audio and racing information, for the 2024/2025 racing season, NZTR supports the current arrangement whereby NZTR and Club racing vision, audio and data intellectual property is provided by agreement to TAB NZ to support TAB NZ's fulfilment of current commercial contracts, on a basis contingent upon development of a mutually intended agreement between NZTR and TAB NZ confirming and enabling NZTR's greater future freedom in commercialising NZTR and Club racing vision, audio and data intellectual property.
- Any races run in excess of the number granted under a club's licence in the TAB NZ Final 2024/2025 Calendar will need to be approved by NZTR, prior to withdrawal time.
- Any race with an early nomination and more than one withdrawal fee must be approved by NZTR, prior to advertising the conditions of the race.

## APPENDIX FOUR: POLICY FOR FUNDING ABANDONED MEETINGS

### **Abandonment review**

In the event of a fully or partially abandoned race meeting, NZTR will review the circumstances that led up to the abandonment in consultation with the RIB, Regional Track Advisors, and other experts. NZTR may elect to withhold some club and meeting funding depending on the outcome of this review.

### **Abandonment scenarios**

Subject to the decision above, the following are the scenarios that would apply to NZTR funding in the event of a meeting abandonment, based on the type of abandonment.

#### **Full abandonment (no races able to be run)**

##### **Abandoned before race day.**

Clubs will be asked by NZTR to submit evidence of costs already incurred for the abandoned meeting and these will be considered for payment, subject to the outcome of the review above.

If the meeting is transferred to a new day or venue, then the relevant full club, meeting and stakes funding will also apply to the new meeting.

##### **Abandoned on race day.**

Clubs will be asked by NZTR to submit evidence of costs already incurred for the abandoned meeting and these will be considered for payment, subject to the outcome of the review above. Compensation payments may be made to stakeholders, depending on their circumstances and the timing of the abandonment.

If a meeting is transferred to a new day or venue, then the relevant full club, meeting and stakes funding will also apply to the new meeting.

#### **Partial abandonment (1 or more races able to be run)**

Subject to the outcome of the review, full eligible club and meeting will be paid to the club holding the abandoned meeting, including relevant on-course commission or minimum on-course amount. Stakes funding for those races still held will be paid by NZTR. Compensation payments may be made to stakeholders, depending on their circumstances and the timing of the abandonment.

If a new meeting is created to replace the races lost due to the partial abandonment, then the relevant full club, meeting and stakes funding will also apply to the new meeting. Races added to existing programmes to replace abandoned races will have their full minimum stakes funding covered by NZTR.
